## **MEETING ARCHITECTURAL CHALLENGES WITH CAST STONE**

Length: 1 Hour

Credits: 1 LU Hour

HSW: Yes

Provider: Cast Stone Institute (Producer Member – American Artstone Company)

Program #: CSI 101

### **DESCRIPTION**

A 1 hour PowerPoint Program designed to educate about Cast Stone and how it compares to similar building products.

### **LEARNING OBJECTIVE**

Attendees will learn the clear definition of cast stone: how it is produced; how it differs from associated materials and how it is used as a material that by size, shape, color and finish is aesthetically appealing. The various applications of cast stone for residential, commercial, municipal, educational and other uses will also be reviewed.

### **A/V NEEDED**

Electrical power and a screen for the PowerPoint Presentation. *(The Cast Stone Institute presenter supplies the laptop and projector.)*

### **HOW TAUGHT**

The Cast Stone Institute presenter utilizes a PowerPoint presentation to provide an in-depth overview of Cast Stone. This program meets every experience level with time designed into the program for questions and answers.

**COST:** There is no cost to bring this program into your firm.

---

## **QUALITY CAST STONE PRODUCTION (PLANT TOUR)**

Length: 1 Hour

Credits: 1 LU Hour

HSW: Yes

Provider: Cast Stone Institute (Producer Member – American Artstone Company)

Program #: CSI 102

### **DESCRIPTION**

A 1 hour interactive plant tour designed to educate about the manufacturing processes involved in making quality Cast Stone.

### **LEARNING OBJECTIVE**

Participants will observe production of cast stone and will learn the appropriate techniques, materials, and finishing methods used. They will be exposed to the process from design through curing and product packaging. This program meets every experience level with time designed into the program for questions and answers.

### **HOW TAUGHT**

The Cast Stone Institute facilitator takes participants through their facility for an in-depth overview of Cast Stone production methods.

**COST:** The only cost incurred would be the transportation of participants to and from the manufacturing facility.

---

## **CAST STONE CONNECTIONS**

Length: 1 Hour

Credits: 1 LU Hour

HSW: Yes

Provider: Cast Stone Institute (Producer Member – American Artstone Company)

Program #: CSI 103

### **DESCRIPTION**

A 1 hour PowerPoint Program designed to educate about typical Cast Stone Connections and Anchors related specifically to veneer systems.

### **LEARNING OBJECTIVE**

Attendees will learn common veneer installation methods and terminology; design and installation techniques related to anchors and cast stone veneer; recommendations for improving the quality and performance of cast stone veneer installations. The various applicable industry codes & regulations will also be reviewed.

### **A/V NEEDED**

Electrical power and a screen for the PowerPoint Presentation. *(The Cast Stone Institute presenter supplies the laptop and projector.)*

### **HOW TAUGHT**

The Cast Stone Institute presenter utilizes a PowerPoint presentation to provide an in-depth overview of Cast Stone connections. This program meets every experience level with time designed into the program for questions and answers.

**COST:** There is no cost to bring this program into your firm.
